

## DON'T FORGET TO SAY THANKS

[Between Galilee and Samaria] — Jesus was going to the big city of Jerusalem. Along the way he stopped at a village near the district of Samaria. Samaritans didn't get along with Jews, and most of them did not come to hear Jesus teach and see him heal people.

In the village Jesus met ten men sick with a terrible skin disease. If somebody didn't cure it, their skin would fall off and they would die. They were so sick and ugly from the disease, other people made them stay away and live by themselves. The ten men knew Jesus could heal people. They begged him to heal them. Jesus did!

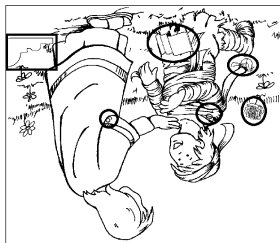

The men were so excited they all went running off to tell the good news to their friends. One of them, who was from Samaria, remembered to come back to say thanks to Jesus. Jesus was glad he did. But Jesus said, "Where are the other nine. Aren't they thankful?"
